HOOD SCONCE PLUG-IN

Our plug-in Hood Sconce is the perfect solution for those spots where light is needed but no junction box exists. With 10' of cloth-covered cord (and a brass cord grip for cable management) the Hood Sconce can be mounted in a variety of locations. Pull the brass-capped chain and the matte white polyethylene shade casts a soft, diffused glow.

CARE | Clean with soft microfiber cloth, which can be dampened if necessary
