

LONG CORD CHANDELIER

The Long Cord Chandelier was designed to hang above a dining table, spanning nearly 4 feet in length with a slightly narrower width than our standard Cord Chandelier. This is a tensegrity structure, where the compression of the steel arms resists the tension of the cloth-covered electrical cords to hold the hand cast ceramic sockets aloft. Each chandelier is built to order in our Los Angeles studio.

CARE | Clean with soft microfiber cloth which can be dampened if necessary.

DIMENSIONS/ WEIGHT

46" x 28" x 8", 7 lbs

DROP HEIGHT

Rigid Tube:

5", 8", 14", 26", 38"
