

SLIDE SEMI-FLUSH 16

Our answer to repeated requests for a flush mount fixture landed us with Slide, a trilateral form designed to sit close to the ceiling while standing apart. A lined-clad shade connects to an elegant bent brass arm by a pivoting joint that allows Slide to be set at a variety of angles.

CARE | Clean lamp shade with compressed air, using a dry microfiber cloth or lint roller if necessary. Brass components can be cleaned using a soft, dry dust cloth, using gloves to protect wax finish.
